New Law Book.
PLEADING AND PRACTICE.
THE CIVIL CODE.
BY HON. SIMON MASH.
It will form a volume of about 700 pages, 8vo., beautifully printed and neatly and firmly bound in law cloth.
In addition to brief Treatises on the various provisions of the Code, it will contain an ample collection of forms of petitions, answers, entries for Clerks, returns for Sheriff, &c. The work will show what changes have been produced by the Code. The precedents for petitions and answers are so drawn as to deduce out of the cases a clear and real issue, about which all will be agreed as to its meaning. The forms of entries and returns will render the work especially useful to county officers, as well as to the profession.
Such a work has long been a desideratum: no book having yet appeared upon the subject since the enactment of the New Code.
It will be published by
B. W. DUBREY, Cincinnati.

BEWARE OF MALARIA!!
RING'S REMEDY
For Fever and Ague, Bilious, Remittent and Intermittent Fevers, and all their kindred diseases, a safe Medicine adapted for all constitutions and all climates.
The statistics of the above class of diseases show an alarming increase within the last few years, and as they are not only directly fatal in many cases, but also lead indirectly to consumption and other maladies of the most deadly character, it is of the highest importance to society that if a certain means of cure exists it should be universally known.
Such a specific does exist. **RING'S REMEDY** is a compound of vegetable extracts, the product of six years of research and experiment directed by medical and pharmaceutical skill of the highest order, it is now offered to the world as a preparation that will literally exterminate Fever and Ague and its kindred maladies, with the same certainty that water extinguishes fire. Its effects are not superficial. It reaches the fountain-heads of the disease in the liver and spleen, and purifies the system of the virus by which it is sustained. It does not merely mitigate symptoms, but removes their cause, and is as essential to the health of the resident in the West, South-west and South, and in fact to every human being who breathes an atmosphere impregnated with the fumes of vegetable or animal decay, the vapors from stagnant water, or the malarial arising from any unwholesome surface, as the aliment upon which he or she subsists. It has been tested in some thousands of cases in private practice, without the occurrence of one failure, and the proprietor from his own experience of its effects, does not hesitate to affirm it is his personal guaranty.

IT'S A SECRET FOR THE LADIES—now
TO PRESERVE BEAUTY.—Don't use Chalk, Lily White, or any of the so-called cosmetics, to conceal a faded or sallow complexion.
If you would have the roses brought back to your cheek, a clear, healthy and transparent skin, and life and vigor infused through the system, get a bottle of **Caroline's Spanish Mixture**, and take it according to directions.—It does not taste quite as well as your sweet meats, but if after a few doses you do not find your health and beauty reviving, your step elastic and vigorous, and the whole system refreshed and invigorated like a Spring morning, then your case is hopeless, and all the valuable certificates we possess go for naught. It is the greatest purifier of the blood known; perfectly harmless, and at the same time powerfully efficacious.
And for sale by **J. P. A. SANNS**, and **BAILEY & MAGUET**, Gallipolis, and by Druggists everywhere.

OBITUARY.
From an unavoidable circumstance the publication of the following notice has been delayed.
Mrs. ELIZABETH GRIMES, consort of John Grimes is no more. She departed this life on the 14th of June, 1854, aged 64 years and 2 months. Her disease was typhoid fever, and from the first created alarming symptoms. Medical aid was resorted to and every thing done to save her, but all failed. The deceased was a native of Pocahontas county, Virginia, and came to the State of Ohio in April, 1848. She was the mother of seven children, four sons and three daughters, all of whom are dead except two daughters. Her temper was quick and independent, like the steel and flint when much enfolded shows a hasty spark, but soon is cold again.—She joined the Methodist E. church when young, and was a regular member in good standing for upwards of 40 years in Virginia. Her door was always open to the ministry and she took much delight in their company. She has the promise laid down in the Scriptures, which reads as follows: "And whosoever shall give drink unto one of these little ones a cup of cold water only in the name of a disciple, verily I say unto you, he shall in no wise lose his reward." And now we trust that herself and four sons and daughter are with Lazarus and in company with Abraham, "where the wicked cease from troubling and the weary are at rest." "O that I may die the death of the righteous and let my end be like theirs." She has left behind her two disconsolate daughters and her lonely husband to mourn their sad misfortune but we trust their misfortune is her eternal gain.
When I awake and shall behold his face, In righteousness I shall be satisfied; When I awake in his blessed likeness, My savior shall my life restore; And raise me from this dark abode, My soul and flesh shall part no more, But dwell forever near my God.
DIED.—At Bladensburg, Gallia Co., Ohio, on Thursday, 18th inst. JOSEPH SHALLOON, infant son of Joseph and Emily F. Shalloon, aged 14 months and 27 days.

On Saturday, 20th, of typhoid fever, Henry R., son of John C. and Fannie R. Neal, aged 1 year.

PETITION TO SELL LAND.
Rufus White, Administrator of John Dykins, deceased, vs. Michael Wolford, Mary Dykins, widow, and the unknown heirs of John Dykins, deceased. Probate Court, for Gallia county, Ohio.
TO Mary Dykins, Michael Wolford, and the unknown heirs and legal representatives of John Dykins, deceased:
You are hereby informed, that on the 15th day of August, A. D. 1855, said administrator filed his petition in the Probate Court of Gallia county, Ohio, the object and prayer of which petition is to obtain an order, &c., on the 27th day of October, A. D. 1855, for the sale of the following real estate, of which said John Dykins died seized, or so much thereof as may be necessary to pay the debts of said deceased, to-wit: The north west Quarter of the south east Quarter, of Section 10, in Township No. five of Range No. sixteen in said county of Gallia, Ohio, and in the District of lands, subject to sale at Chillicothe, Ohio, containing forty-one acres and fourteen hundredths of an acre, more or less.

Good Medicines.
It is estimated that AYER'S CHERRY PECTORAL AND CATARRHIC PILLS have done more to promote the public health, than any other medicine ever used. There can be no question that the Cherry Pectoral has by its thousand cures on thousands of cases of Coughs, Croup, Asthma, Bronchitis, &c., very much reduced the proportion of deaths from consumptive diseases in this country. The Pills are as good as the Pectoral and will cure more complaints. Every body needs more or less purging—Purge the blood from its impurities. Purge the bowels, Liver and the whole visceral system from obstructions. Purge out the disease which fasten on the body, to work its decay. But for disease we should die of old age. Take antidotes early and thrust it from the system, before it is too strong to yield. Ayer's Pills do thrust out disease, not only while it is weak, but when it has taken a strong hold. Read the astounding statements of those who have been cured by them from dreadful Scrofula, Dropsy, Ulcers, Skin Diseases, Rheumatism, Neuralgia, Dyspepsia, Internal Pains, Bilious Complaints, Heartburn, Headache, Gout, and many less dangerous but still threatening ailments, such as pimples on the face, Worms, Nervous Irritability, Loss of appetite, Irregularities, Blisters in the head, Colic, Pervers, Dysentery, and indeed every variety of complaints for which a Purgative Remedy is required. There are no random statements, but are authenticated by your own neighbors and your own Physicians. Try them once, and you will never be without them. Price 25 cts. per box—5 boxes for \$1.00. Prepared by Dr. J. C. Ayer, Lowell, Mass., and sold by all respectable Druggists everywhere. F. Eckstein, Jr. Cincinnati; BAILEY & MAGUET, Gallipolis; T. Evans, Centerville and by all dealers in medicine everywhere. July 5, 1855.—2m

Sept. 27, 1855.—3m

THE first sale of lots in the new City of Morganza, Va. will be held on THURSDAY, the 1st of November next.
To persons acquainted with the value of the Ohio, little need be said in regard to the eligibility of this point as a site for a Manufacturing town, in founding which the proprietors do not hold the predictions of all Success men familiar with the locality for the past twenty years.
Morganza is situated at the Junction of the Ohio and Big Sandy Rivers, (which for some months in the year is the head of navigation on the Ohio), and the Corvinton and Ohio Mayville and Big Sandy, and Lexington and Big Sandy Rail Roads, now in process of construction. Its location at the Junction of two navigable Rivers, three important Rail Roads now building (with other projected), presents a combination of advantages equalled by very few places. Its situation on the most southerly bend of the upper Ohio River, 15 miles above Cincinnati, 220 below Wheeling, 310 below Pittsburgh, 390 miles from Richmond, and 410 miles from Washington, will furnish facilities for transportation and travel possessed by no place in this part of the West. Much of the descending trade and travel of the Ohio must seek shorter routes to the Atlantic cities, with the productions of an extensive region of country adjoining, will seek shipment for Southern and Western Markets at the point by the Corvinton and Ohio Railroad in connection with the Road of Eastern Virginia, as well as the James River and Kanawha Canal. We, in common with the whole Ohio Valley below, will soon be placed in direct communication with all the large Cities on the Atlantic Seaboard, by a route much shorter and cheaper than any yet projected. The other two roads terminating here will place us in connection with the neighboring State of Kentucky and the whole South Western portion of the Union.
For confirmation of the above facts, we refer to the statements and figures set forth in the recent publication of Lieutenant Maury on that subject; also to the reports of Civil Engineers for the last five years. In the ability to build up and support manufactures, and to establish an extensive trade with the surrounding country, Morganza may safely challenge competition with any other Western locality. Its situation at the mouth of Big Sandy enables it already to command the large and increasing trade of that River, as well as of the fertile valleys in Western Virginia and the adjoining States; the Agricultural and Mineral resources of which, awaiting only proper encouragement, are as yet half developed. It is the most of the great Coal and Iron regions of Virginia, Kentucky and Ohio; hence it may be fairly asserted that Morganza is wanting in no essential element of prosperity.
The site is admirably adapted for building purposes. The Ohio river bottom is 4.5 of a mile wide and ascends at the rate of 25 feet per mile as it recedes from the Ohio river.—The location is a healthy one; the latitude and climate corresponding with those of Louisville, Ky. The title indisputable; the whole survey of 800 acres, having been the property of the Morgan family for 80 years.
The terms of sale will be, one-third cash in hand, the remainder in from one to seven years, (at the option of the purchaser), bearing interest payable as usual, the purchaser obligating himself to erect substantial buildings upon the same within three years from the date of purchase.
A Lithograph of the City, as laid out, may be seen on the premises and at the principal points on the River.
Morganza, Oct. 11, 1855.

SHERIFF'S SALE.
In obedience to a writ of f. fa. to me directed from the Court of Common Pleas of Gallia county, I will expose to public sale at the Court House, in Gallipolis on the 5th day of November, 1855, at one o'clock P. M. on said day the following described real estate, to-wit: fourteen and one-half acres of land taken from off the east end of twenty-nine acres, of the west end of one hundred and ten acres, five hundred and seventy, in Section twenty-four, in Township number three, of Range number fourteen, in the Ohio Company's purchase, the dividing line between which and the other fourteen and a half acres, of said twenty-nine acres, being the road from Gallipolis to Watson's mill. Also fifteen and seventy-five hundredths of an acre, part of one hundred and ten acres, of land taken from off the east end of twenty-nine acres, of the west end of one hundred and ten acres, in Township number three, of Range number fourteen, of the Ohio Company's purchase, the same fifteen and seventy-five hundredths of an acre, in the west end of said lot heretofore conveyed to George Howe; levied upon as the property of John Mitchell at the suit of James M. Cronley. Terms of sale cash.

MORGANZA.
CITY AT THE JUNCTION OF THREE RAIL ROADS.
SALE OF LOTS
In the City of Morganza, Va.
Month of Big Sandy River.
THE first sale of lots in the new City of Morganza, Va. will be held on THURSDAY, the 1st of November next. To persons acquainted with the value of the Ohio, little need be said in regard to the eligibility of this point as a site for a Manufacturing town, in founding which the proprietors do not hold the predictions of all Success men familiar with the locality for the past twenty years.
Morganza is situated at the Junction of the Ohio and Big Sandy Rivers, (which for some months in the year is the head of navigation on the Ohio), and the Corvinton and Ohio Mayville and Big Sandy, and Lexington and Big Sandy Rail Roads, now in process of construction. Its location at the Junction of two navigable Rivers, three important Rail Roads now building (with other projected), presents a combination of advantages equalled by very few places. Its situation on the most southerly bend of the upper Ohio River, 15 miles above Cincinnati, 220 below Wheeling, 310 below Pittsburgh, 390 miles from Richmond, and 410 miles from Washington, will furnish facilities for transportation and travel possessed by no place in this part of the West. Much of the descending trade and travel of the Ohio must seek shorter routes to the Atlantic cities, with the productions of an extensive region of country adjoining, will seek shipment for Southern and Western Markets at the point by the Corvinton and Ohio Railroad in connection with the Road of Eastern Virginia, as well as the James River and Kanawha Canal. We, in common with the whole Ohio Valley below, will soon be placed in direct communication with all the large Cities on the Atlantic Seaboard, by a route much shorter and cheaper than any yet projected. The other two roads terminating here will place us in connection with the neighboring State of Kentucky and the whole South Western portion of the Union.
For confirmation of the above facts, we refer to the statements and figures set forth in the recent publication of Lieutenant Maury on that subject; also to the reports of Civil Engineers for the last five years. In the ability to build up and support manufactures, and to establish an extensive trade with the surrounding country, Morganza may safely challenge competition with any other Western locality. Its situation at the mouth of Big Sandy enables it already to command the large and increasing trade of that River, as well as of the fertile valleys in Western Virginia and the adjoining States; the Agricultural and Mineral resources of which, awaiting only proper encouragement, are as yet half developed. It is the most of the great Coal and Iron regions of Virginia, Kentucky and Ohio; hence it may be fairly asserted that Morganza is wanting in no essential element of prosperity.
The site is admirably adapted for building purposes. The Ohio river bottom is 4.5 of a mile wide and ascends at the rate of 25 feet per mile as it recedes from the Ohio river.—The location is a healthy one; the latitude and climate corresponding with those of Louisville, Ky. The title indisputable; the whole survey of 800 acres, having been the property of the Morgan family for 80 years.
The terms of sale will be, one-third cash in hand, the remainder in from one to seven years, (at the option of the purchaser), bearing interest payable as usual, the purchaser obligating himself to erect substantial buildings upon the same within three years from the date of purchase.
A Lithograph of the City, as laid out, may be seen on the premises and at the principal points on the River.
Morganza, Oct. 11, 1855.
